

Covid-19 Operations Plan

22-23

Covid-19 Protocol

- If a student or staff member tests positive for COVID-19, they should stay home for 5 days from the **first day of symptoms**. They may return to school after 5 days if they have been fever free (without any fever reduction medicines) for the past 24 hours.
- Students that have tested positive may return to school after 5 days. They will be required to wear a mask for 5 days upon return, or produce a negative (antigen-based) test result.
- The district will continue to promote hand-washing and use enhanced disinfection strategies to limit spread.
- The district will not be doing contact tracing, nor require quarantines for anyone exposed to COVID-19. Siblings who do not have symptoms should be in attendance.
- Athletes who have tested positive must complete the KHSAA Return-to-Play process before returning to athletic practice or competition. See school athletic director or visit KHSAA website for more details.

Attendance

Communicate ASAP with your child's attendance clerk at his/her school to discuss the best way of handling your child's absence.
